ANSHITA MATHUR

Eindhoven, The Netherlands | +31-635605125 | anshitamathur29@gmail.com | LinkedIn: anshitamathur29 | Valid Dutch Work Permit

PROFESSIONAL SUMMARY

Analytical Customer Journey Expert / Product Delivery Manager with 5.5 years of experience in merchant acquiring operations, E-commerce-related card-not-present flows, dispute management, transaction servicing, and payment operations across regulated banking and global financial-services environments. Strong in end-to-end delivery of post-transaction journeys in an agile environment, spanning reconciliation, temporary/permanent credits, refunds, chargebacks, settlement/reporting workflows, operational controls, and cross-functional implementation across systems, vendors, and markets, with strong communication skills in English.

CORE EXPERTISE

Merchant Acquiring | E-commerce Acquiring Exposure | Card-Present & Card-Not-Present Flows | Dispute Management | Transaction Servicing | Payment Operations | Reconciliation | Chargebacks | Refunds | Settlement & Reporting | Operational Controls | Operational Excellence | BRDs/FRDs | API Integrations | UAT | Regulatory Compliance | Agile Environment | Analytical | Communication Skills: English

PROFESSIONAL EXPERIENCE

American Express GCS — Senior Associate, Digital Product Management | 09/2022 – 12/2024 | India

- Led design and delivery of a one-stop operational platform used by 90 internal users to streamline issue resolution and payment-data workflows for large corporate clients.
- Owned the end-to-end journey across client identification, SPOC mapping, settlement-reporting template validation, raw-versus-transformed data selection, file handling, and issue/exception tracking, reducing manual intervention and improving workflow consistency.
- Integrated 5 key data sources supporting 22,000 client entities and ~70,000 daily data files, improving turnaround time and data quality by 33% while strengthening SLA performance.
- Defined requirements, roadmap, MVP scope, prioritization, testing/UAT, rollout, performance tracking, and leadership reporting for card-payment operations with ERP/client-system integrations and a partial shift from file-based transfer to API-enabled delivery.

Axis Bank — Manager, Digital Journey Management | 06/2019 – 09/2022 | India

- Led RBI-mandated requirement gathering and end-to-end journey design for pan-bank dispute management and transaction-servicing workflows across retail and corporate banking products, standardizing card and non-card operational journeys.
- Acted as SPOC for 7 strategic projects, including 3 directly related to disputes, merchant acquiring, transaction servicing, and card-payment journeys, owning scope, prioritization, release sequencing, BRDs/FRDs, UAT sign-off, post-launch tracking, and leadership reporting.
- Designed and delivered unified CRM-led dispute and fraud journeys across ATM, POS, IMPS/UPI, merchant acquiring, and card-not-present / E-commerce dispute flows, incorporating product-specific timelines, reconciliation rules, and resolution paths.
- Integrated reconciliation workflows with NPCI-related dispute/escalation flows and vendor inputs, enabling temporary/permanent credit decisioning, reducing manual dependency on email/Excel operations, and improving key credit handling from ~3 hours to 5 minutes.
- Increased daily case-resolution throughput from ~60–80 to 200+ cases, improved dispute TAT by 30%, improved internal TAT by 20%, and supported pan-bank adoption across a 3,400-branch network while maintaining card-data masking and operational control compliance.

Additional Experience — Deqollab, Business Development Lead (Freelance) | 07/2025 – Present

Prior experience includes a relocation period in the Netherlands (01/2025 – 06/2025).
